**SCIENTIFIC-METHODICAL BASING OF THE SPORTS MOVEMENT
AMONG DISABLED STUDENTS –
AS A NEW WAY OF UKRAINIAN SPORTS DEVELOPMENT**

Soslan ADYRKHAYEV, Mykola ZHITOVOZ

Aim of the work: to analyze the condition of students and disabled sports development in Ukraine and to ground the necessity of developing the separate sports direction – sport of disabled students.

Abstract. In the work is represented data, which shows the contemporary condition of sports activity among disabled students-sportsmen in Ukraine.

The first certain steps in developing this sports direction on national and international levels were shown.

Key words: sports movement, disabled students-sportsmen.
